Hal Leonard Essential Technique 2000 For B Flat Clarinet (Book 3 With CD)

Customer Reviews

With a previous 1 and 2 Essential Techniques 2000 I was pretty excited to buy this one and so far I'm not disappointed! It's great and especially helpful publication for someone who start practicing the clarinet after decades(start little bit like a teenager)! Just hope that this short revue would be little bit helpful for serious enthusiast! Thank you!

This set of books taught me how to play the Clarinet.....in 6 Mo of learning i'm playing songs from most any sheet music book that is like.....vary easy to learn...I learned the Clarinet.....but i would try it again for another insterment.....if I wanted to play another insterment.....
