"...all other guide authors have followed in Street's and lolaire's wake, avoiding the rocks and shoals Street and lolaire discovered." -- Patience Wales, Editor, Sail

D. M. Street, Jr., a lifetime sailor, has spent forty-four years cruising, charting and writing about the Caribbean. Forty of those years were spent on his 46 engineless yawl, lolaire, built in 1905. He has spent the last four years on his 28 engineless yawl, Lil lolaire, gathering information for his guides in the winter and cruising European waters on lolaire in the summer.

The information is detailed and is useful for navigation but the condition of the book is very poor. I bought it as a new book and the pages began falling out the first time I opened it. The pages were yellowed inside like it had been on the shelf for 10 years and the bindery had failed for at least a third of the pages. I expect the pages to continue falling out making this a pretty useless reference for me on my sailing trip.

Very poor showing. No actualized! Very old comments. No actual photos!
