There are No pictures whatsoever in this cookbook that's why I gave 4 stars. I like to at least see some pictures so that I know what the dish should look like and that also tells me the recipes were

tested. Since they don't list any of the recipes in the description they are: wheat berry and vegetable

thank you

IÃfÃÃ â ÑÃ â,,ve been using this cookbook for the past few days for dinner as well as making
lunches to bring to work and I must say that thereÃfÃÃ â ÑÃ â,,s recipes for just about every
kind of person out there. I personally admire the fact that the author took the time to include some
truly high quality vegan and vegetarian recipes - although I am a meat eater myself, I have a few
vegans in my household so this really makes things much easier for me when IÃfÃÃ â ÑÃ â,,m
trying to figure out how to accommodate to their diets before dinner time (which admittedly is not
always while being an omnivore). So far everything has been very well-received and after trying a
few of these recipes for myself, I can definitely attest to the fact that theyÃfÃÃ â ÑÃ â,,re not
only nutritional but also just as tasty as what I usually eat. Another thing that stood out to me about
the book is the fact that the author has included the calories, fats, carbs, sugars and protein content
of each recipe based on serving size. This is something that I canÃfÃÃ â ÑÃ â,,t say
IÃfÃÃ â ÑÃ â,,ve come across much in the past with other cookbooks, and I think many people
who abide by a strict diet will be appreciative of this ÃfÃÃ â ÑÃ â œ so IÃfÃÃ â ÑÃ â,,m also
quite happy about that.

Im sure this book is great for those who have an XL pressure cooker, but mine is a regular one.Be
sure you know the difference before you order this. Im sending it back. It is of no value to me
because it doesn't give the times to cook anything. With the XL cooker, you just push a button and it
automatically sets the time. Nice. Maybe I should keep the book and order a new cooker?

My Mama passed away a few months ago and my step dad is at a loss at learning how to cook so I
got him this cookbook to use with his pressure cooker and he is doing great with it! The instructions
are well written and easy enough for a 67 never cooked before man to follow!

The book gives additional tips on the most proficient method to utilize it and the Benefits of the
Power Pressure. I appreciated this book extremely because of the knowledge in it. I attempted all
the electric pressure cooker recipes given in this book and I must say that every one of the recipes

is delicious. This book contains 100 Delicious and Healthy Electric Pressure Cooker Recipes with straightforward and take after directions on the most proficient method to make them. Additionally by reading this book I could take in some valuable data about the Power Pressure Cooker XL. Additionally, the benefits of the Power Pressure Cooker XL, The Features of the Power Pressure Cooker XL, How to Use appropriately have been highlighted in the book. The author has shared valuable Tips and Tricks to Using the Power Pressure Cooker XL too. I truly like Pressure Cooker Dessert Recipes in this book.

I like the organized way she gives instructions how to operate the cooker. The recipes are wonderful but some require expensive ingredients.

There have to be better books out there. No pictures or any seafood recipes at all.

Decent book. Definitely had some recipes that look great, and many that look like an age thought
