Case For Christ For Kids (Case For Christ Series For Kids)

Synopsis

You meet skeptics every day. They ask questions like: Was Jesus really born in a stable? Did his friends tell the truth? Did he really come back from the dead? Here's a book written in kid-friendly language that gives you all the answers. Packed full of well-researched, reliable, and eye-opening investigations of some of the biggest questions you have, Case for Christ for Kids brings Christ to life by addressing the existence, miracles, ministry, and resurrection of Jesus of Nazareth.

Lee Strobel was the award-winning legal editor of The Chicago Tribune and is the bestselling author of The Case for Christ, The Case for Faith, The Case for a Creator, and The Case for Grace. With a

journalism degree from the University of Missouri and a Master of Studies in Law degree from Yale, Lee has won four Gold Medallions for publishing excellence and coauthored the Christian Book of the Year. He serves as Professor of Christian Thought at Houston Baptist University. Visit Lee's website at: leestrobel.com Rob Suggs has been involved in three successful children's Bibles as writer, illustrator, or both. He and his wife, Gayle, have two children and live in Atlanta, Georgia. Robert Elmer lives in the Seattle area with his wife and their little white dog, Farragut, who is named for the famous admiral. He is the author of over fifty books, most of them for younger readers (but some for grown-ups, as well). He enjoys sailing in the San Juan Islands, exploring the Pacific Northwest with his wife, and spending time with their three kids — along with a growing number of little grandkids.

Good research into the truth on the Son of God & his death, burial & resurrection. Cannot be denied.

This was an excellent and thought provoking read. The stories provide to show the principles you were investigating were fascinating as well. If one honestly looks at the facts, they can only come to one honest conclusion. I definitely recommend this for anyone seeing truth and wanting to know if God really loves them. Are there good, rational, scientific reasons to believe God? Yes.

I believed in Jesus Christ, my Savior, before I read this book. I didn't need this book to convince me Jesus is the Son of God, but I enjoyed reading the research and evidence Lee Strobel did in his search for evidence of Jesus.

Interesting information. Did not really like his writing style. But the info & proof were important.

Excellent study for kids! Written in an easy to understand terminology. Our kids enjoyed this book. (I actually learned from it as well!)

This is my favorite book of apologetics. Clear, concise, and convincing. A recommended read for a believer, agnostic, or even a atheist. The author used to be an atheist himself, but the evidence for Christ and his claims as the Son of God was overwhelming.

Excellent book and a must read for every person that is questioning the existence of Jesus, the

unbeliever, the atheist, the Jehovahs witness, and the skeptic!!

Awesome book for kids explaining the principles of the New Testament in a way they can understand and enjoy reading. My 9 year old son really enjoyed it.
