Customer Reviews

While this book has beautiful sketches it wasn't quite what I was hoping for in a coloring book. I guess you could add color to the sketches but there are no clear guidelines so you would need to be an artist yourself in order NOT to mess them up. I think I will just enjoy it as a book of very nice lighthouse sketches and not color in it.

The quality of this book is horrible. Pictures are more like poor copies than something meant to be colored. Don't waste your money.

Bought as a gift for my dear Mother In Law. She lives in an assisted living place and I think she's started a new trend there!! She loves to color! !

good quality paper... arrived as expected and they are loved
