## Customer Reviews

This book contains all the spells & favours found in your 2.5 rulebook. You may want to purchase this book if you are considering playing a sorcerer or religious character and plan on using any kind of spell/favour. I put stickers on the pages of spells I have my characters use for quick and easy reference. This helps me refer to the pages I need quickly, rather than keeping my rule book by my side when playing. It's a nice price and a good book to own for reference. Enjoy the book and please ignore the hate reviews. They have not played the game and have no idea what they are talking about.

Quick and simple guide for spell casters.

I love the way magic is handled in this game system. I was hoping that it would be tied very closely to nature, the natural elements, plus a mix of fantasy and the booklet did not disappoint. The booklet, physically, is very high quality and only 45 pages long, but not too expensive for what you

paid for.

Excellent helping hand for players and myth masters alike. Wherever I play MYFAROG this book is in my bag next to my dice.

if you like FRP, just stay away from this crap.
