# Stained Glass Pattern Book: 88 Designs For Workable Projects (Dover Stained Glass Instruction)

## Synopsis

This book contains 88 designs for stained glass, all of them worthy of the serious crafter's time and effort. The styles range from medieval interlacements, through the Art Nouveau and Art Deco styles, up to designs with a modern feel. The level is intermediate to advanced, although the beginner, by taking extra care, can work many of the patterns. Most will easily expand for full-size panels, mirror surrounds, or other decorative work. These patterns offer suitable challenges to both the craftsmanship and aesthetic sensibilities of workers in stained glass. As a sourcebook for direct use or for inspiration, this volume will be a welcome addition to any stained glass workshop.

## Customer Reviews

Bought for hubby at Christmas time. Looks like a very good book, great patterns. If you enjoy stained glass, or similar crafts, I think you'll like this.

You can find many of these/similar patterns free on line if you have the time. Must enlarge to use.

The book was exactly as described. There was quick shipping and great patterns in the book. If you are into stain glass you might like this book.

The designs in this volume can be expanded to any size. They're amazingly detailed and some of them has a modern twist. I can hardly wait to make them :D

Can't believe I got this for \$4! Great patterns, I can't wait to try them out.

Book is in like new condition (bought used). Many patterns are provided. I wish there were more colored illustrations.

Great templates for stained glass. I make faux stained glass on plexi glass using glass paint and these are perfect.

I love the designs in this book. I am using them for rug hooking projects, but they are equally suitable for many other kinds of needlecrafts or other crafts.
