# Story Of Edgar Cayce: There Is A River

## Synopsis

This book -- which contains many photos of Edgar Cayce, his family, and close friends -- is the complete, original biography of the best-documented psychic in America. It tells the story of how he discovered his astounding psychic gifts and what led him to a life dedicated to helping others. Cayce's "readings," given in a trancelike state, ranged from phenomenal medical cures to advice on spiritual growth, psychology, and prophecy of world events. A philosophy section covers our origin, purpose, and destinies on the earth, making this book a valuable resource.

## Customer Reviews

" . . . a classic and a must for all those who desire to expand and honor their heart." --Gerald Jampolsky, M.D., author of *Love Is Letting Go of Fear*"The story of Edgar Cayce has inspired me from the time I was 12 years old. As one of the first well-studied medical intuitives, his work and his life helped blaze the path for the future of medicine." --Christiane Northrup, M.D., author of *Women's Bodies, Women's Wisdom*, Bantam, 1994"This biography of Edgar Cayce, Southern Presbyterian mystic and clairvoyant, has become a nineteenth-century classic in the history of Christian spirituality." --Dr. Richard H. Drummond, Emeritus Professor of Comparative Religion, University of Dubuque Theological Seminary

The astounding true story of Edgar Cayce, his remarkable prophecies, insights into the soul, and the medical cures he prescribed while in trance, told by the only writer who knew and investigated him

while he lived.

Mr. Cayce's gifts of channeling have helped so many people, years ago and still now today, with the knowledge that he was given to share. Every time I would read about his ability to just put his head down on a book and nap and when he woke up he need the entire contents of the book, I have to admit I was envious. That skill would have been awesome for any of us to have while going thru school so we didn't have to study so much. Great stuff!!! I'm a true believe that we have lived before and many will live again and again and again, having some background and understanding I believe helps anyone who has an interest in these things.

The personal stories of Cayce's life and the struggle that he went through with his Christian faith and his gift were detailed and interesting. By the time that I finished, I felt as though I knew him and his wife. Some of his remedies are described also and many of his readings were described.

Wonderful book - wonderful man!! This one is for my one granddaughter to read!

Fascinating book that covers Cayce's entire life as well as some of his incredible findings as a psychic/prophet in the medical, psychical, metaphysical and astrological fields. Cayce was an extraordinary person who I believe was one of the first of soon-to-be many psychics that enlighten and will enlighten us for years to come.

This is an interesting and riveting account of Edgar Cayce's life from young adulthood on; gives fascinating insights into what made his life so unique in a spiritual sense -- from a man who spent a lot of time with him. I wanted to read the original work by Thomas Sugrue rather than one of the later editions, so this used volume has fulfilled that desire well. I recommend the book in any of its editions to anyone who is curious about Edgar Cayce and/or about the research that he pioneered into the spiritual realm -- with a truly Christian perspective, not what is usually called "new age".

Mind bending . hills dip into sleepy valleys at timers, but the information is so compelling as to be life changing. Gives one much food for thought . couldn't put it down.

Love the book. Thank you for your prompt service.

The story of Edgar Cayce started my journey on a conscious path of self discovery and enlightenment. My work as a professional hypnotherapist has helped to confirm the discoveries of Edgar Cayce about our connections to past lives and higher consciousness. Author ofÂ Ascension Consciousness
