Customer Reviews

I thought this was cute. When I seen it come available as a free ebook I had to get it, and tell my sisters about it. The unofficial Harry Potter cookbook is divided into appetizers, entrees, side dishes and desserts. Each recipe starts with an excerpt from the books. Such as in Side Dishes on the Fluffy Mashed Potatoes for example: "Ron is starving -as usual- at the start of the term feast, where the Triwizard Tournament will be announced. He loads up on mashed potatoes, observed by a wistful Nearly Headless Nick (see Harry Potter and the Goblet of Fire, Chapter 12)." The recipes are

mostly typical of winter holiday dishes, but could be made at anytime throughout the year I suppose. However it is A Magical Christmas Menu. It is a cute little intro to the main Harry Potter Cookbook. The full version one has over 150 recipes. This one has much less. Also, it is an "unofficial" book because it is not "authorized, approved, licensed, or endorsed by J.K. Rowling, her publishers, or Warner Bros. Entertainment Inc.

Soup, turkey, potatoes....all of it and so much more is in this cookbook. I'm a HUGE Harry Potter fan. My aunt would buy the books read them and then mail them to me so I could read & have them. Who knew cooking food that is from a Harry Potter cook book would be so much fun! I love it. Each recipe starts by placing it into the storyline of the book; where it appears and what Harry is going. If there is a description in the book like the knickerbocker glory the recipe gives direction on how to make it as it is described. This is actually only a teaser for the full cookbook and only loosely tied to the Harry Potter books, however I found it fun.

I laughed when I started to read this cookbook. When reading the Harry Potter books, I thought to myself that food should be considered a character in the story and I am glad to see that I am not the only one who noticed. Find recipes, as well as real life history, for some of the Hogwarts favorite edibles in this fun holiday cookbook. Enjoy a traditional Christmas Pudding, Cornish Pasties, Peppermint Humbugs and other recipes. This is actually only a teaser for the full cookbook and only loosely tied to the Harry Potter books, however I found it fun.

My wife is a huge potterhead so I knew I had to get it for her. It is a fun way to dive back into the world of Harry Potter and has some great recipes. My wife likes doing Harry Potter themed nights and I always leaved satisfied using this recipe book.

While my son was super excited to get it. When it arrived it didnt have any of the actual recipes from Harry Potter. It seems to be a sample to get you to buy the more inclusive cookbook they offer. I received this at a discounted price for an honest review.

IT is a great cookbook. Each recipe starts by placing it into the story line of the book; where it appears and what Harry is going. If there is a description in the book like the knickerbocker glory the receipe gives direction on how to make it as it is described. It's fun for the children to bring some of the books magic home for their own enjoyment. There are many other recipes to have fun with.

Since Harry is set in England these receives also bring a little bit of British cuisine to the table. Easy to follow some items hard to find but substitutions are easy.

I love this book. It is wonderful for Harry Potter fans. I loved reading through the recipes in this book but have not tried any of them yet. Reading through this book brings back memories from the Harry Potter books and movies. :)

As a short collection of recipes perfect the holidays and a sample of the cookbook, this is nice. The 16 recipes include a main course (turkey), several side dishes and a few desserts. The author includes a bit of background on each recipe as well how it fits in the Harry Potter world. The recipes are good ones to do with teens and pre-teens who enjoy cooking and like Harry Potter. They are well-explained and teach real cooking skills as well as a bit of history.
