Customer Reviews

This set of books is wonderful. I am a beginning piano player and these books have made learning to play so much easier than I imagined. The instructions are very clear and I am learning to read music while learning to play! Anyone who is interested in learning to play but thinks they may be too old, give these books a chance. I am 45 and love that I am finally learning to play a musical instrument!

Doesn't help. I need a tutor.
