Customer Reviews

ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, has published detailed reference and travel maps of countries, regions, and cities around the world since 1985. The company's titles include many that are unique or the first of their kind, including the first commercially available travel map of South America.

This map contains information about geography and oil in addition to roads and city sizes plus much more. But buyers should realize that the whole country of Saudi Arabia doesn't appear on one side -- over half the country is printed on one side, and over half on the other side of the paper. So it isn't useful for putting up on the wall.

Quite detailed and accurate. We drove 1800 km, and would have had trouble without it. The distance markers were particularly helpful.

Needs more details and street names, but then again, most of the streets aren't named.
