Dave Lotz has lived in Guam for over 30 years. His professional career was in park administration with the Guam Department of Parks and Recreation. He has previously written hiking and World War II guidebooks on Guam and the Mariana Islands. Dave has extensive knowledge on the rich cultural and environmental heritage of the islands. Jonathan Lotz was raised on Guam and shares his father's interest in the islands. He currently is a student at Iowa State University.

I'm recently out of college and have had the desire to go to a beautiful region with history, nice beaches, and warm weather for a vacation. Someone told me I should check into Guam so I got this book and was amazed at the detail put into it! It lists different historic sites, parks, beaches, and other great places to visit and everything each one has to offer along with the story behind it. It even summarized a list of twelve essential things to do when you visit Guam which is helpful for an indecisive person like me who would want to do it all!!! :) The clincher that made me sure I want to go there on vacation? The clear and colorful pictures throughout the book that show how incredible and breathtaking each part of the island is! I can't wait to take a hike on Guam to one of their many majestic waterfalls!

Ummm... \$900+ for the Guam Guide that is all of 95 pages long?
