Love And Respect In The Family: The Transforming Power Of Love And Respect Between Parent And Child

Synopsis

Children need love. Parents need respect. It is as simple and complex as that! When frustrated with an unresponsive child, a parent doesn't declare, "You don't love me." Instead the parent asserts, "You are being disrespectful right now." A parent needs to feel respected, especially during conflicts. When upset a child does not whine, "You don't respect me." Instead, a child pouts, "You don't love me." A child needs to feel loved, especially during disputes. But here's the rub: An unloved child (or teen) negatively reacts in a way that feels disrespectful to a parent. A disrespected parent negatively reacts in a way that feels unloving to the child. This dynamic gives birth to the "Family Crazy Cycle." So how is one to break out of this cycle? Bestselling author Emerson Eggerichs has studied the family dynamic for more than 30 years, having his Ph.D. in Child and Family Ecology. As a senior pastor for nearly two decades, Eggerichs builds on a foundation of strong biblical principles, walking the listener through an entirely new way to approach the family dynamic. For instance, God reveals ways to defuse the craziness with our children from preschooler to teen, plus how to motivate them to obey and how to deal with them when they don't. In the Bible, God has spoken specifically to parents on how to parent. This audiobook is about that revelation.

FANTASTIC BOOK! I listened to this from the library (for free) and loved it so much I bought the audio version (and promptly loaded it on my husbands iTunes account) and I bought the book so that I could re-read and underline. I also bought a copy to give to a friend. I recommend this

practical easy to understand book that is based in the truth of Gods word.

So far I am very happy with my decision on purchasing this book. Still reading it but I love it so far and it has become very helpful.

Great book

I enjoy this author.

Difficult book to read. Boring and not very insightful if you've already been reading other parenting books.

Amazing. I'm 40 and my kids are 17-18. I wish I'd read this 18 years ago, and every year after. Very good simple advice that is easy to integrate into my life and makes sense. My children have reacted very well just in the two months since I started reading it. I've bought hard copies for several of my friends since I started reading it.

Great book with wonderful spiritual insights into what God desires out of all parents! You will be glad that you read this book.

I loved the first book and am enjoying the second. Happy with the purchase and the price, would recommend this purchase!
