I wanted to like these cards, but they're painfully trite. The plus side is they are beautiful to look at: gorgeous colors, nice gold edging, and nice box. But I found most of the affirmations too trite. "I love my food, and my food loves me." REALLY? Maybe these are okay for simplicity's sake. There are certainly a few cards in there that are insightful and/or that make good reminders. But I guess overall I prefer a little more depth. I like the idea of daily inspiration, but this just doesn't do it for me. This has inspired me to collect all the quotes I have found inspiring over the years, and compile my own custom deck.

Simple and to-the-point messages with a gorgeous backdrop. If you've ever purchased any card decks through any Hayhouse author before, then you'll know what to expect -- thick, kind of large in size, with sparkly edges. They all stick a bit at first but once you get them apart it's all good. For some reason, there isn't a guide book but there is a card that explains everything. However, it's one of those card decks where it's pretty self explanatory.. I mean, each of the cards are an affirmation

that you can pick for your day. So far, they've all seemed pretty right-on. I use it at work so at the beginning of the day I draw a card and then keep it at my desk to look at as a reminder. It's a lovely little dose of inspiration and guidance. :-)

I only discovered the cards when a friend in a Facebook business group posted them as her Affirmations assignment. I loved her photos so I ordered them right away. They are gorgeous! The colors are wonderful and soothing, the gold edging an extra touch, and the Affirmations are fantastic! Ill be using them as Oracle cards for a daily pull and Affirmation to begin my day.

At first I wasn't sure how to read the cards as this doesn't have a guide book but once I started pulling daily draws with Colette's Good tarot and one card from this deck, I fell madly in love with it.

I love using these with my children as we set intentions for our day/week. The kids fan them out and select one or two to read to everyone. I enjoy the inspiring messages and talking with my kids about what they mean. The cards are beautiful as well.

I love these cards! The cards are attractively packaged in a box with a folding lid that allows easy access. And the pithy sayings are classic Gabby which means that they are relevant and helpful towards living a positive and happy life. Buy them if you are at all on the fence about purchasing. They are my favorite set.

Even before I opened this card deck and looked at the cards I found myself saying Wow over and over again. I noticed with some of the reviews I have seen so far that people want to focus on the fact that each card has a simple message and not enough information rather than the beauty of the background of the cards in the card deck and the beauty of the simple message the simple affirmations on each card. I feel that the card despite the simple message says it all. I have been thinking of creating a card deck myself and seeing the abstract backgrounds on the card decks give me an idea on what I want to do on my own card deck when I get to the point where I actually create it, but back to the review on it. I am not the type of person who picks a card for the day a card with affirmations and put it out for the day, but then saw this card deck and thought to myself this card deck seems like a card deck to motivate me to pick a card and put it out. When I got the cards and saw them and thought these are definitely cards that are motivating and pretty enough to put out. Today's Miracle Now message is Obsessing Over The Outcome Of A Relationship Gets In Way

Instead I Let Go And Allow. This message definitely applies to what has been going on with me lately. I read Gabby Miracles Now book before getting this card deck, but will have to look at it again as a reminder. Also close to buy this I did buy the audiobook of Miracles Now as well, so I can see the help messages on the cards and hear them as well. So if you like Gabrielle Bernstein and want colorful cards with beautiful affirmations this is the card deck to have.

These are beautiful cards and I love the messages!
