Grammaire Progressive Du Francais - Nouvelle Edition: Livre Intermediaire 3e Edition + Cd-audio (Collec Progress) (French Edition)

Synopsis

La cinquième Grammaire progressive du français s'adresse aux étudiants, adultes et adolescents de niveau faux débutants ou intermédiaire. Cette grammaire d'apprentissage par étapes présente chaque point de la façon d'un cours de langue et les explications privilégient d'abord le sens. Les règles de grammaire ne sont pas exhaustives mais vont à l'essentiel. Elles sont présentées et exploitées dans une perspective d'échange d'écrit et l'oral. L'apprentissage se fait par enrichissement des acquis. La Grammaire progressive du français est une grammaire pédagogique: pour faciliter la découverte, la compréhension et l'acquisition, chaque point de grammaire est étudié par étapes. Elle peut s'utiliser en complément d'une méthode ou plus ponctuellement pour étudier une difficulté particulière. Des renvois d'un chapitre à l'autre et des tableaux récapitulatifs permettent à l'étudiant et au professeur de reconstituer les grandes unités grammaticales. Un index détaillé et une synthèse des conjugaisons complètent l'ouvrage. Les corrigés des exercices se trouvent dans un livret séparé. Une nouvelle édition de cet ouvrage est disponible, avec 600 exercices (EAN : 9782090338485).

Grammaire Progressive du Francais!m brushing up, partly so I can read French novels, mostly just

for fun. My tutor goes in for conversation. I can get by speaking French, but my grammar is not great. This book is just what I needed. Mixed in with the basic grammar (agreement of adjectives etc) are little subtleties of grammar, like c'est vs. Il est, for example. Or the elusive uses of the pronouns y and en. Or the arbitrary behavior of verbs followed by prepositions. All the explanations and instructions are in French. This is an excellent incentive to vocabulary building. I sometime have to look up words to understand the grammar rules and the words in the exercises. My vocabulary is as limited as my grasp of grammar. I'm finding this text just challenging enough to be useful, but not so advanced as to be discouraging. In short this book is great for an intermediate learner with gaps of knowledge. My tutor approves of it, too.

This book is fantastic. It teaches a method that is far superior to any I have found so far!

One of the best French grammar books I own, over 600 exercises. I recommend you also get the answer key book (Corriges).

This book was recommended to me by my French teacher who is French. It is excellent for learning grammar and easy to grasp.

It's a french grammar book at an A2/B1 level. It's the best one I found. Tried 2 others. It's a french grammar book don't expect to have fun.

Very useful to go with the textbook.

Ease of finding answers to my questions. Good exercises.
