Grenada To The Virgin Islands 2nd Ed. (Imray Cruising Guide)

Synopsis

This popular book covering the Caribbean from Grenada and Barbados to the Virgin Islands is a translation from Jacques Patuelli's original French version. Each island is dealt with in detail and pilotage notes are followed by tourist information and the usual data on formalities and facilities. Fully illustrated with plans and photos, many of which are new for this second edition, the guide is packed with interesting and useful background information on the Caribbean, its history, tourism, geography and on sailing in the islands. The last section of the book, the blue pages, consists of listings of facilities, restaurants, bars, hotels and other information of interest to tourists.

Book Information

Paperback: 300 pages

Publisher: Imray, Laurie, Norie & Wilson Ltd; 2nd edition (January 3, 2008)

Customer Reviews

This cruising guide served us well throughout four months of Caribbean cruising. In thumbing through other books, I have yet to find any pilot book as thorough and useful. It is also good value for the money as it covers all the Leeward and Windward islands, using good detail despite the broad scope. We always found the information accurate and dependable. Detail charts of ports are very good (for example, all the wrecks at St Pierre are indicated) and it seems to have done a good job of keeping up with new developments in the islands (such as the new marinas being developed in Grenada and elsewhere). The information is well organized so that you can quickly find the pilot notes and easily distinguish them from other information such as the useful tips on things ashore. I can highly recommend this book!by Nadine Slavinski, author of [Lesson Plans Ahoy!: Hands-on learning for sailing children and home schooling sailors](#)
