Enlightened my knowledge for my summer online course

God Bless you! I love the price!

Great condition !

Used it for my senior seminar def good refernce book more than anything else easy to understand.  
Also a great price for the book sure beat the books store

I chose this item because it didn't say it had heavy highlighting like the others disclosed. When I got it, it was all marked up with different colored highlighter. Disappointed in price for all the marking. I could've chose one of the other used books in that case. It was like I received a different book.

good
