Christie Pashby, author of this edition and of many previous editions of Frommer's guidebooks to the Canadian Rockies, lives in Alberta, Canada, and has spent years exploring the Canadian Rockies. She holds a BA from McGill University and a Bachelor of Journalism degree from the University of King's College. In addition to writing countless travel guides to Canada, Pashby is a part-time employee of the respected Banff Mountain Film Festival. And she is the mother to an active toddler who loves to hike, ski and bike as much as her parents. Frommer's is proud to be publishing this definitive guide to the great Rockies of Canada, and to the hotels, restaurants, shops and other attractions that make this area such an exciting choice for vacationing.

Great

very informative and organized well!

Frommer's really hit it off this time with a smashing new edition of the guide around the Canadian Rockies. The pictures were breathtaking, the maps perfectly detailed and the attractions all seemed amazing. Now, this destination is first on my list to got to.

Frommer's are always favorite travel guides with a lot of information crammed in a handy small size. It is a "go to" book that recommends activities, good restaurants and decent hotels. A useful map is included in a plastic pocket on the inside back cover.

Anyone traveling to Banff & Jasper National Parks for the 1st time will find this book extremely helpful in planning their trip. I will be traveling there in a couple months and this book helped me plan out our daily activities for the week that we will bemail there.

Bought this for our road trip through the Canadien Rockies. Book gave us good ideas but I don't like the way it's categorized. I found it hard to find what I was looking for. Usually like Frommer's but this book wasn't my favorite format.

Since we loved their book for Paris so much, we decided to go with this for Banff, too. It's perfectly organized and easy to make some plans! My husband wants to follow their suggested route for a week. We're hikers and we liked how they introduced several hiking trail information/details separately with trail length, elevations, and time. We're super excited to visit Banff this summer.

Very concise and helpful information.
