Best Easy Day Hikes Rocky Mountain National Park (Best Easy Day Hikes Series)

Synopsis

The Best Easy Day Hikes series are handy, pocket-size guides for day hikers in America's most popular outdoor destinations. Each guide describes approximately 20-30 easy-to-follow, scenic trails in and around national parks, cities and urban areas, and popular outdoor destinations across America. With hikes varying from half-hour strolls to full-day adventures, these guidebooks are for everyone, including families.

Customer Reviews

Kent Dannen, a former contributing editor for Backpacker magazine, is a guide, naturalist, and master outdoorsman who has been leading hiking trips in Rocky Mountain National Park for more than 30 years.

Though I later discovered you could find this information and more on rockymountainhikingtrails.com, it was still nice to have save the paper and ink and have the maps and info all in one book. I wish they had more pictures in the book, however.

I had purchased the larger hiking guide for RMNP but noticed that several of the recommendations in that guide were full-day, strenuous hikes. We were looking for something more suited for a family with children to do half-day hikes, and this guide was excellent for that purpose. The map was

extremely valuable as well, and it went everywhere with us during our week-long vacation.

Great book. It also breaks down the trails by "Best for Photographers", "Best Hike for Children", etc. I used it exclusively for my trip to the Rocky Mountain National Park.

We buy these for every park we visit along with the full size books. Better size to carry with hikes or on a plane to keep with weight down. Have tried many different publishers but these are consistent.

Nice little pocket guide! No photos, but very informative including elevation changes, estimated round trip time, etc. Highly recommend Mr. Dannen's Best Hikes Rocky Mountain National Park as well.

Super useful with LOTS of hikes that you just can't find on a google search. Will be using this for many years. I live 45 min away so its an easy drive for me for day hikes!

I love these "Best Easy Day Hikes" book - this one is already getting a lot of us.

This book provides a nice variety of hikes and details of RMNP. Definitely worth getting before a visit!
