Terry Brooks CD Collection: Armageddon's Children, The Elves Of Cintra

Synopsis

Armageddon's Children and The Elves of Cintra are the first two novels in the trilogy, Genesis of Shannara by bestselling author Terry Brooks • a gripping chronicle of a world now spun shockingly out of control, in which an extraordinary few struggle to salvage hope in the face of terrifying chaos. Logan Tom's family was slaughtered when the forces of madness and hate swept our world and led to civilization's downfall. Navigating the scarred and poisoned landscape that once was America and guided by a powerful talisman, Logan has sworn an oath to seek out a remarkable being born of magic, possessed of untold abilities, and destined to lead the final fight against darkness. Across the country, Angel Perez, herself a survivor, has also been chosen for an uncanny mission in the name of her ruined world's salvation. From the devastated streets of Los Angeles, she will journey to find a place - and a people - shrouded in mystery, celebrated in legend, and vital to the cause of humankind . . . Meanwhile, in the nearly forsaken city of Seattle, a makeshift family of refugees has carved out a tenuous existence among the street gangs, mutants, and marauders fighting to stay alive. In time, all their paths will cross. Their common purpose will draw them together. As the legions of darkness draw the noose tighter, and the time of confrontation draws near, those chosen to defend the soul of the world must draw their battle lines and prepare to fight with, and for, their lives. If they fail, humanity falls.

Terry Brooks published his first novel, The Sword of Shannara, in 1977. It was a New York Times bestseller for more than six months. He has published twenty-five New York Times bestsellers

since. Two of those--the novels *Running with the Demon* and *A Knight of the Word*--were chosen by the *Rocky Mountain News* (Denver) as among the best fantasy novels of the twentieth century. A practicing lawyer until his third book was published, Brooks now writes full-time. He lives in the Pacific Northwest with his wife, Judine.

These books are but an example of the genius of Terry Brooks. Fantasy takes on a feeling of real life, as you engross yourself into the stories. Be sure to follow the recommended order for reading the Terry Brooks collections, to be sure you get the continuing stories from first to last. The amazing mind of Terry Brooks has me yearning to live in his books! On another note: I already had these books individually ordered, cancelled this purchase and kept the individual purchases. I was charged and received this combo book order. This could also be user error...my fault. So, 5 stars.

Kept me captivated. Terry Brooks has never let me down when I want a grand adventure. Also a plus having the whole set.

Great and well written. I wish all his books were in cd format. I've got his complete collection and am very happy with it.
