Much better than previous edition (2005). Inspiring color pics! Adequate detail on surf spots. My purpose for buying was for the SUP info for which there could be much improvements, but still it's a decent book.

Great book very thorough

Great book for the surfer in our family! Thanks!

good

Gave as a gift. Wonderful book.

ok book. enjoyed a lot of the information. I grew up in California and surfed as a kid, so they missed a few great places I knew. for anyone not knowing where to surf in California it would be helpful. enjoy the waves!
