This is going to transform how I will love the rest of life. POWERFUL!!! Simple concepts but profound enlightenment. Maxwell also writes with such simplicity and clarity.

John Maxwell's story telling style of writing ties in real life success and leadership stories with practical application. I recommend anything of his to my friends. Make Today Count teaches you how to maximize the amount of influence each of us has on a day to day basis.

It's John Maxwell. It's like buying a brand name item for the name. You can't go wrong with John. I did like this one a bit more than some of the longer books though. It was an easy read and applicable.

Well worth the read. It may very well change your attitude about how you do what you do.

Referred to me and I haven't had a chance to really read it like I want, but scanning it is quite positive.

Heard about outliers and liked it so I figured I would give this a try

Great short read. Yes its a bit of a summary of points raised in many of his other books but its put together simply into 12 simple chapters so a great refresher if you've read his other books and a nice introduction if you haven't!

great book
