Alfred's Basic Adult Piano Course Greatest Hits, Bk 1

Synopsis

This series answers the often-expressed need for a variety of supplementary material in many different popular styles. What could be more fun for an adult than to play the music that everybody knows and loves? When the books in the Greatest Hits series are assigned in conjunction with the Lesson Books, these appealing pieces reinforce new concepts as they are introduced. In addition, the motivation the music provides could not be better. The emotional satisfaction students receive from mastering each popular song increases their enthusiasm to begin the next one. With the popular music available in the Greatest Hits series (Levels 1 and 2), the use of both books will significantly increase every adult's interest in piano study. Two selections from this book are featured on the Royal Conservatory of Music Popular Selection List (2007 Ed.): The Rainbow Connection * Nadia's Theme.

Excellent

This book is fantastic ! Use it with the Alfred adult all-in-one piano coursebook and it will give you plenty of familiar tunes to expand your repertoire.

Great for beginners (assuming you can at least read notes). The arrangements were not too difficult

for beginners and the choice of music was great.

These selections are easier for my beginning adult students. They love the catchy tunes as these are songs they grew up with. Some of the songs were favorites to dance to, dated their spouses and generally enjoyed listening to on the radio.

Great sheet music. Nice and basic which is where I am at with my piano lessons.

Just as described. Thanks!

This book includes a dozen or so popular songs which are appropriate for the skills taught in the Alfred Adult Piano Course, Level 1. I find it much more interesting and satisfying to play some "real" songs in addition to the made-up ditties they use in the course material itself. The songs in this book are, of course, edited and arranged for where you are as a Level 1 beginner, but they sound like the original songs and are good enough to show off to your friends. Not overly challenging but these will help stretch the skills you've learned up to this point in the course. Each song tells you what material you need to master in the lesson books before playing the song. Very handy. I am using this as a self-taught adult beginner, but I think a teacher would also find this book useful especially as a source for student recital material.

some great hits, I am a beginner and like the song selection.
