The Rivals

Synopsis

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book. --This text refers to the Paperback edition.

Customer Reviews

Bought this to read as preparation to seeing as a performance. A most enjoyable play: not really profound, but a lot of fun.

Such a funny play, old but delicious. Book is in great shape.

My review is not on the content of the play, but on this particular edition of the play. I know everyone has their own reading style, so this may not bother everyone. However, when I'm reading an older piece of literature, I enjoy looking at footnotes. I'm sure that some skip over them, but I do not. In this edition, however, the footnotes were there, but there were no indications in the text to let me know when to look at the footnotes. The only indication was the line number, which was written right before each footnote. This was irritating to me, and so I went through the whole play ahead of time

and marked the parts where I had to look for footnotes, which was very time consuming. I would definitely recommend reading the play, because it is very funny and there are a number of interesting literary devices going on that I won't go into here, but I would not recommend this particular edition (New Mermaids).

Such a funny play! Malaprops and all :)

What's not to like about The Rivals? Mrs. Malaprop is a true classic. I reread the play periodically; references naturally arise in conversation--it is perennially entertaining.

Going to the play? Going to be in the play? You got to read the play.

Ordered this book for a college english class. Shipped fast and was a great deal, why order a new book when there are used ones in great condition!

If you've ever wondered what an 18th century sit-com would have been like, you have only to read The Rivals. The dialogue and clever use of language is an absolute delight. Hilarious perfection!
