Customer Reviews

Reliable, readable Rough Guides Conde Nast Traveller

Before turning to crime fiction, Robert Andrews published four thrillers that drew on his own experiences as a Green Beret, a CIA operative, and an aide to senior U.S. Senator John Glenn. He is the author ofÂ A Murder of Honor, whichÂ Publishers WeeklyÂ called âœa gem of a thriller.â • Robert Andrews lives in Washington, DC.

Good info for planning your trip around Cornwall. Found it really helpful to understand the distance between places to visit so you can figure how much time to get around and where you might like to stay as a base or from one area to another.

Very helpful on our trip to Cornwall and St. Ives!

This book is full of useful and apparently unbiased information. The maps are in color and clear and

at appropriate scales. It appears to be up-to-date. The chapters are logically divided into geographic areas. I felt that I got my money's worth.

This was bought for a gift-- which the recipient loved because of an upcoming trip. Thanks for the good service !

I bought the Kindle version and used it every day during our latest two week trip in Cornwall. The SEARCH function shows you a lot of pertinent information and I liked being able to click on links to take me to specific spots in the book. There is a lot to see in Cornwall and this book will definitely help you make your choices.

Thank you!

This guide was one of two that we used for a week-long holiday in Devon (the other being Lonely Planet). It was a great resource, especially for out-of-the-way destinations (of which there are many in Devon).

Wow! What a great this easy to use guide was to us as we visited a fabulous county in England. The suggestions were accurate; no guidebook can prepare you for the experience.
