Tutankhamun – Reviving Egypt's Past For The Future: The Story Of The Facsimile Of The Tomb Of Tutankhamun And The Meaning Of The Pictures In Its Burial Chamber (Living Human Heritage)

Synopsis

This book is intended as a guide for visitors to the facsimile of the tomb of Tutankhamun. Part I begins with an overview of what we owe to the Pharaonic culture in general. Part II goes on to the story of the rebuilding of the tomb of Tutankhamun. Then in Part III there follows an overview of the iconographic programme in the burial chamber. This section concludes with an introduction to the religious representations and texts, given on the four gilded shrines placed around the sarcophagus. These images and texts combine to provide unique guidelines to Pharaoh Tutankhamun in his tomb prior to his resurrection as Re-Osiris. The more we learn about the deeper meaning of these guidelines in the Pharaonic tombs, the more we can also see what all this may mean for us today. And the more these images and texts acquaint us with the wisdom of the ancient Egyptians about this world of the Beyond, the more we will be motivated to protect these treasures of the past in a sustainable way for future generations.
