Customer Reviews

Ã¢âÂ“An excellent example of how to do a book for beginners well. If you (or someone you know) wants to learn quilling, this book will give you a solid foundation in the basics, plus a group of projects you'll have no problem replicating Ã¢âÂ”| This is also clearly a book written by someone who's spent a lot of time at this craft, and has evolved lots of excellent tricks for getting crisp, consistent results Ã¢âÂ”| A really high-value book, and a great learning tool.Ã¢âÂ”
Ã¢âÂ”âCraftypodÃ Â Ã¢âÂ“This book actually exceeded my already high expectations! ... A total novice could pick this up and make something great Ã¢âÂ”| Each project has a pattern to follow, so even a beginner like me could manage to make anything in the book. There's also a good mix of simple quick projects and more complex designs Ã¢âÂ”| More than anything, I found this book inspirational. It gave me lots of ideas and techniques I can use to make my own designs.Ã¢âÂ”

Cecelia Louie's paper crafts have been featured on All Things Paper. She has a paper crafts and quilling business on Etsy called Paper Zen. Cecelia was a feature contributor to All Things Paper

(Tuttle) and The New Encyclopedia of Origami & Papercraft Techniques (Running Press). She lives in British Columbia, Canada.

These patterns are very simplistic in appearance, yet the instructions are complex. I am a skilled quiller and this is way below what I typically create. Had I been able to see inside the book, I would never have ordered it.

this book is very helpful. after looking at it i wish it would have came in "note book" style. where i could have removed the pages id like to work with

great book

LOVE it! Cecelia's book is so clear and crisp. I wish i started my quilling journey with her book. This is a def must for those starting out in quilling. She has simple and more detailed designs where she gives you pictures showing every piece that goes into the quilling. Awesome book!

I ordered it but it is hard to make these flowers. but will keep the book for one day.thanksMartha Lofton

Pretty quilled book - I'm glad I got it because I like to see what other make. Nothing to hard in this book so it is good for beginner's & those of us who like to collect all the quilling books for inspiration. Well worth my investment!

Loved the book. The instruction was clear and the illustration are beautiful. I would recommend it to anyone!Great hardcover book.

Many beautiful illustrations for card projects! Can't wait to try them out?
