It is time for us, like Jesus, to see what our Father in Heaven is doing, and do it!

Jonathan Welton is brilliant. When he teaches, you remember what he has said. God's Spirit is upon him, and the anointing he carries will impact your life.

This book is an answer to prayer. I have been praying for an increase in intimacy with God because I know that to know Him is to love Him more and more. I want see what He sees, to know His heart and to see the hearts of others. I have visions and dreams, but so often I don't know what they mean. I am hungry to learn more about discerning of spirits and to walk in the Holy Spirit more effectively. This book is a wonderful practical guide. I read chapter 1 through 4, and followed the activation directions. I received a word from Yeshua which touched my heart. I wrote down every word He spoke and while I have not yet sent a letter to the person the Lord spoke to me about, I am so encouraged to have received an answer to my request. I have new revelation of God's love for me and the person He spoke to me about. I cannot read this book in one sitting as I find I have to soak in it. Thank you Jonathan for your obedience to God and writing this book.

Essential reading for a Christian, who wants to grow in the Lord! Jonathan is sharing his gift with all of us and I can attest to it, it really works. His calling is real! It's high time for the Church to walk in the supernatural as being natural!

I have not yet finished the book but am very interested in doing so. The author's approach is different than what I have read before and so I am anticipating learning a lot. The only reason for four stars instead of five is because I have not yet finished reading and applying the content of the book.

excellent, excellent and excellent!!!there were Scriptures that showed great insight and made Jonathan's remarks so clear it made me wonder why did I ever see this as complicated or not saying what the Scripture was saying.5 stars

Love this book for it's biblical based, foundational teaching of the gift of discerning of spirits. There is

so much info out there that is under the category of Christianity, that should be labeled New Age. Nice to find info based on the Word of God. As the book states, today's churches do not really understand this gift, nor do they teach on it. I have a teenage son who has been seeing in the spirit realm since he was small. Since the church does not really teach on this topic I have turned to books to help him. This is one of the few books I have found so far that I feel is spiritually safe for him to read that will not lead him to New Age style teachings. I pray that more of God's true children will awaken to the call and teach the Word of God as it should be taught.

Great book... Watched the classes first online but the book was a great review and helpful addition. Wish I knew more folks with this mindset

Excellent! Best book I've read on seeing in the Spirit & how to conduct yourself in it! Very good!
