Customer Reviews

Using this map, I was able to get around in Beijing by subway and cab. I would not recommend driving in Beijing unless you know Chinese. The map shows main roads and principal Beijing sights and hotels--useful with names in English and Chinese, as well as some emergency contacts. While online maps are great, it's easier to get an idea of distance and location when you can see the whole city on one printed sheet and it can be used even if Western internet mapping favorites are not available. Of course it does not show every minor byway, just major thoroughfares. The subway map and overview of principal attractions and shopping areas were most helpful and accurate as far

as I could tell. Note, the map does not show railway stations, such as the Beijing Bei/North station for trains to the Great Wall.

Very useful map. Very readable. One clarification regarding an earlier review. It is true that the "Beijing North" rail station is not marked. Rather a strange oversight because the "Beijing Railway Station", "Beijing West Railway Station", and "Beijing South Railway Station" are all clearly indicated on the map, (as well as their adjacent, like-named subway stations). I have seen the North station referred to as a "tier-3" station. Perhaps that is why it was omitted. But given its importance to tourists, it should have been shown! Add your own label for the North station, because otherwise the map seems very nice.

hotel had better maps. Dont buy!
