Customer Reviews

I will never travel without a Lonely Planet Pocket book. The size is great for carrying in your purse to consult for quick food & activity suggestions. So many of the food recommendations were excellent and affordable! I used the accommodations recommendations to book hostels & hotels before we traveled. I particularly LOVE the "Best of" selections. The attached maps also were so helpful. This book really made travel so easy and enjoyable.

Did not like organisation of book, needs more references to websites, and would love it if it included local places to visit and eat, not just tourist directed information.

full of current information. fit perfectly in my pocketbook. traveled with me throughout Denmark. it's not just about Copenhagen. we were able to plan our daily trips effortlessly. THANK YOU!

Very well written with lots of information. Good size for carrying on the trip.

Cant wait to use it, the rest of their books were very helpful to me and easy to carry around.

Great details about virtually everything in Copenhagen. Great maps. Very precise information on major tourist attractions. This is a fantastic resource. I have been using it already, and plan to have it in my backpack when I am walking around/touring around the city!! Highly recommend.

Very useful and informative book. We used the map that the book came with. Only problem is that Denmark doesn't have street signs. They post the street name on a corner building which is hard to

read and sometimes couldn't find a street sign. We did some circles but not because of the map.

I was not impressed with this guide. The information was not sufficient, there were very few restaurants indicated, and even the ones indicated were hard to find. Definitely not a good one.
