Excellent, well made and well produced with best systematic organization. This DVD series is good for beginners as well as intermediate level. It will be an excellent resource for group studies as well as teaching Sunday's school. Dr. Timothy starts the series by saying, "This is your family history - know it", for me this a wonderful statement that encourages all Christians to study and learn the history of Christianity. Professor Timothy is a gifted narrator and historian that brings the history alive and moving along the 2000 years time line. I am very happy with my purchase and I got all the materials included with it. Buy it, Read it, Watch it and use for teaching Sunday schools. Thanks.

Great Product

Great information in a small amount of time. Thoughtful and spiritual timeline.

For those like me who claim the name of Christ but knew little actual church history as it unfolded from the beginning this DVD is a real learning tool. It certainly gives a clear understanding of the

opposition that the early church met with and the suffering of those believers who for the sake of Christ and His gospel have given us what we have today. The narrator talks a little fast so you have to listen closely. I am very satisfied with the purchase.

Using this DVD program to enhance my homeschool curriculum for my middle school students. It helps to reinforce what they are learning.

Very well done. A great balance of encouragement, education, and humor. We used this in our adult Sunday School class, and it was very well-received.

Hubs is using this for his own study ... It is a good source to go to when you want to find something quickly

Dr. Jones does an outstanding job of highlighting Church history. He's energetic, insightful, easy to follow, and humorous. In this format I expected to see more visuals of the places of history.

Although he's a capable communicator, most of the sessions are his talking head.
