# Beg Me: Sold By My Brother

## Synopsis

My stepbrother, Aiden, was all I had left. After he inherited his father's multi-million dollar company, we entered a partnership. It wasn't what I'd pictured. He wanted me to make the best use of my assets and paraded me in front of his business associates. Then I saw him. Lucas Ferris. He wasn't like the others who were middle-aged and pot-bellied. He was sex on a stick. Six foot four with inky black hair. I swear he smoldered when he looked at me. I did my work for Aiden that night and left, returned to my room and went to bed. But the door opened later that night and I discovered that my stepbrother sold my virginity to Mr. Ferris and he was here to collect. My revenge, when it comes, will be brutal and Aiden will discover he underestimated his sister. As for Mr Ferris, well, he's doing things to my body that I never thought I wanted but craved so much...If you're looking for a panty-melting read with a hot as hell male, a feisty female, and a twist you won't see coming, read on! Note: This is a super sexy, smutty romance that will make your cheeks burn and your panties melt! Guaranteed HEA.

## Customer Reviews

You know what they say about paybacks and revenge and Oh my, this books takes them to a whole

new level. Although there are a couple of moments in the beginning that may not be for all readers, not everything is as it seems. This book is unlike any I've read. The plot just keep getting more intense and it goes from one extreme to another in the quest to make a certain step brother pay for his unconscionable behavior. Beg me was an intense read that I couldn't put down.

Beg Me: Sold By My Brother was amazing book and I was so mad at the brother for what he did to her, but I was so in love with The Main alpha Male that I love it so much and I'm so in love that I'm going to reread it again. And I so want this book to be a paperback

This was an interesting novella. There were parts I loved and other parts I thought were meh. The blurb sounded so good, and parts of it definitely were. But her revenge? I think she took it a little too far, considering what didn't happen to her. I get she was hurt and betrayed by her step-brother, but still. Some of that action was a little too meh. And as for the blurb, I loved the hot male and the twists, but the feisty female? I did not see her at all. Reagan was more of a 'walk all over me' type of character. She did plot her revenge, but even then, she wasn't feisty. At that point, she was more of a b\*\*\*h than anything. I can't say I blame her entirely after the way her step-brother treated her. But she could have done a few things differently. She just struck me as more of a revengeful type than feisty. I would have loved to see more of her character being drawn out, more independent. Ugh, overall, I think the book could have been better executed. Although, I did enjoy the ending, so there is that.

Unbelievable writing!!! Completely and utterly held captive with wanting to know what happens next. Aiden was quite a nasty little POS and deserved his demise. Definitely wish Lucas and Reagan's story could continue!!!

Love this story. Was worried at one point if she was being hurt. Was glad for the happy ending. The both deserve each other.

Good book loved story her brother was a jerk got his in the end. Glad that she wound up with Lucas and not hurt or alone

Reagan is a very patient person. If it were me, I would have killed Aiden long before he caused her so much pain in her life. Thank God Lucas loved her. Gisele's book was so awesome. Very hot and

Sexy! Very highly recommended!

I really enjoyed this book with all its characters. Was glad that the bad guy got what he deserved. But not near enough for what he did to his sister. This couple showed restraint that I would not have been able to do and patience!!
