Stolen Pregnancy (Steamy Taboo Romance)

Synopsis

“They say curiosity killed the cat. I don’t know about that, but it certainly led to me getting knocked up...”
Inexperienced Paige has got a problem: she’s pregnant without ever having a first time. How on earth is this possible? Enter - the man of the house. Paige has always had a forbidden crush on him, but, being a good girl, she never acted on it. Of course, that doesn’t include the time she crept into his room, stole the condom from his waste basket and then...Dean, the only man she’s ever loved, has taken his little brat on a business trip. In the hotel, he’s stunned when he catches an eyeful of her eight month bump. How will he react when she confesses all? Let’s just say it’s big, hard and without protection. Unfortunately I can’t go into everything here. Click ‘Look Inside’ for a fertile taste of Taboo that will drive you wild!

Customer Reviews

Like how a teenage can think of doing a thing like that. It was exactly how much she wanted it. It was enjoyable read.

Paige has three problems. The first one is that pregnant without ever having sex. And the second one is that she's having her daddy's baby after she played with his used condom. But she's been keeping it secret. But during the business trip that he takes her on, he finds out that she's pregnant. Now all she has to do is tell him everything. What will happen when tells him the truth? This was a very quick read. The storyline was a little out there but the writing was good. I recommend this book to others if you like stories that are taboo.
