Training Tessa: Hot Texas Bosses, Book 1 (BDSM Erotica)

Synopsis

New York Times and USA Today best seller After her employer goes out of business, Tessa Greer is so desperate for work she leaves Michigan and travels to Houston where jobs seem more available. She's thrilled to land the 'Receptionist Plus' position at Maddox Brothers Inc. Now she can continue to pay the bills for her mentally ill mother's care facility. But Tessa is shocked by the punishments her handsome new bosses dole out for her very minor mistakes. She's even more shocked at how aroused she becomes when they discipline her. The stakes seem to get higher with each round of punishments. How far will this one-upmanship between the brothers go? And with one of them, Tessa finds herself wanting him to take her farther than she's ever gone before. Content Warning: Not for listeners offended by fantasy inappropriate office behavior. Like many Lyla Sinclair stories, this novella contains various BDSM elements, including domination, restraint, corporal punishment, and anal sex, as well as unconventional use of office supplies. Training Tessa also contains a few humorous moments. Avoid this story if humor annoys you. (This is not a ménage novella.)

Tessa Greer is so desperate for a job. She needs a good job NOW...and even average jobs are not a commodity. She'll soon be sleeping in her car if she cannot find work. She has an invalid mother who is dependent upon her. I had a love/hate feeling for Tessa's character. She represented a real person in a real (genuine) desperate situation. She's just an average gal you'd see at the local grocery store or WalMart. There's no "air's" about her. At the same time she was weak and seemed

to suffer from low self-esteem. But it was hard to tell as her desperation for a job made her fearful of her future and contributed to her character flaws. In the long run, I really sympathized with her and her dilemma. She was vulnerable, scared and alone in a new State. I also loved Dixon's character. He was the spoiled little kid who has everything except someone in his life who was genuine. Someone who liked him for who he is and not for his millions. Someone to really "see" the person he is. He's very lonely and he broke my heart at times. He feels threatened and inferior sometimes, to his strong-willed older brother and business partner, Mason. This was an interesting plot of a woman caught up in her desperation to survive. I could see how her situation could actually happen...how someone in her situation could allow herself to be preyed upon.

Loved this book so much I had to get the boxed set right away. Full of steamy scenes that made a person squirm the whole time wanting to know what would happen next. The scenes were very hot without the BDSM parts making me uncomfortable. Characters were flawed and lovable with wonderful descriptions of their personalities and inner thoughts. Very alpha males with a loveable side and a female who was vulnerable but strong at the same time. Sure the beginning is far-fetched, but this is fantasy right.

Why would anyone agree to be punished like this, yep the money. Never understood what the big deal was. I'm old and yet never had an orgasm with a man, sex yes but never an orgasm. The minute men I called them. I clocked them, amassing if they went 60 seconds. No I don't go for women. One man said 351, asked me if I knew what that meant. No I said. He said I was number 351 women that turned him on. Did I mention they are dumb as s***? You will enjoy this book.

This book was one to remember!!! The story had a great plot and well put together, the characters flowed well. It was an interesting great read. The money I paid for this story was well spent! It was a page-turner as well as a must-read!!! It had love, hate, romance, and enough HOT STEAMY SEX in it! Buy the book you will not be disappointed!!! Delightfully mature and un-put-down-able great moments of suspenseful brilliantly developed in so few pages. Fantastic, skillful writing to be able to pull me in from page one, fully develop the H/h characters and other side characters with dramatics and theatrics, although never over the top, filled romance-based plot. (Well that was a mouthful) As always, be kinder than necessary, for everyone you meet is fighting some kind of battle. Peace & Blessings Bonded

It's a really dumb plot.

Training Tessa begins like a lot of the billionaire books, with the naive heroine getting a job she desperately needs, only to be forced to serve and service her boss in ways she never expected. In this book, there are some twists. One, there is more than one boss. Two, the twists with one of the bosses take the book in a direction that to me was too over the top (with the boss who was not the love interest -- fans of bro-cest, this is not the book for you!). While the book was somewhat grounded with character rationales for the heroes (including blatant "hero pimping" for a future book), some of the heroine's experiences in the office setting didn't feel as "all in good fun" as a lot of these books. The plot then took a bit of a turn and felt like a Harlequin Presents for awhile, if you like that sort of thing. If you like the billionaire kink books currently flooding the market, this one is worth a look.

Okay I know this is about BDSM Erotica but you need a story line , characters you can connect with, a time frame and events that come in order and make sense.. When i finally actual started to kinda like the book it ended not worth the .99 cents i paid..

Clearly this is fantasy, but I really want to like the men who put a woman through her paces. These two are fairly emotionless which makes the heroine come across as a doormat. If there was some kind of bond at the beginning, chemistry at the very least, this would have been a much better read.
