Customer Reviews

I liked the book & enjoyed the main character. She was a fighter & didn't give up in finding out what happened to the girls . She went against all odds to get the truth as horrific as it was. In today's work's I believe these could be actual events but I would hope & pray we have a better judicial

system. I would probably read another book by this author.

In Alex Gates second offering, her female detective again overcomes physical and emotional challenges to help unfortunate and suffering victims of horrible villains. Heroic deeds in a hostile environment make this an intriguing story. Another good read.

Love the characters and development!! So good! I hope the story continues!! McKenna is a trooper and I love her drive!!

LOVED THIS BOOK. Like the other reviews, this kept me on the edge of my seat and I couldn't put it down. I also loved that it's set in Pittsburgh, which I had forgotten and was a nice surprise when I started reading..I would recommend reading the first book in the series before starting this, just to give you a background on the characters. I absolutely can't wait for the next book, and I hope that the series continues after that. Great job Alex!

This is my newest favorite author . I was holding my breath through this book. Alex really can tell a great story. !

Loved the ending. The story was captivating and fun. I would recommend this book. Try it and find out for yourself.

Great Rea!!! True Thriller!!
