The Official Scrabble Word-Finder

Synopsis

NOTE: The font size is around 7pt. the book is set up in alphabetical order, but it is based on beginning letter/end letter/middle letter. This all-new second edition of The Official Scrabble Brand Word-Finder is unique in its organization of officially accepted words, allowing the player to find the highest-scoring word in the shortest time. It reflects additions and deletions from the last three editions of The Official Scrabble Dictionary, and includes a complete list of two-letter words and three-letter words formed from two-letter words, as well as an invaluable and completely new section, "Ten Tips for a Better Game." There are even newly minted words, such as ab, yo, and ed, and a directory of prefixes, suffixes, and plurals. The Official Scrabble Brand Word-Finder is faster than a dictionary and will help you become a Scrabble champion. Scrabble is a trademark of Hasbro in the United States and Canada. 2001 Hasbro. Customer Reviews

The Official Scrabbler Brand Word-Finder is designed with one thing in mind: scoring big points. The method is simple--present as many playable words as possible, in one place, for easy reference during a game. Over 60,000 high-scoring words are arranged alphabetically by first letter and by inside letters, providing the widest array of possible word variations. This innovative format allows Scrabbler fanatics to consider hundreds of potential plays with one quick glance. The Word-Finder is also a one-of-a-kind resource for the obscure words sometimes necessary to get you out of a pinch--like when you're stuck with a "z" and an "h" and time is running out ("hazard": 19 points). In

this straightforward format, standard suggestions are listed in regular type, high-scoring words (worth 10 to 14 points) are listed in bold face, and extra high-scoring words (worth 15 points or more) are marked with an asterisk. A quick scan of the word suggestions invariably leads to a variety of possible plays. A handy dictionary of prefixes, suffixes and plurals provides ideas for adding even more points to your score, and "Ten Tips for a Better Game" addresses winning Scrabbler strategies. The Official Scrabbler Brand Word-Finder features a complete list of every accepted two-letter and three-letter word, and there's even a Quick Check Usage Guide listing all the acceptable words in special categories like "Animal" and "Medical" that aren't always included in standard dictionaries--no more confusion as to whether an "apteryx" is, in fact, an animal (it is: 19 points), or what the acceptable term is for someone who has received a vaccine (a "vaccinee": 15 points). The Official Scrabbler Brand Word-Finder reflects changes to the last three editions of The Official Scrabbler Dictionary, and is updated with the most current additions to the Scrabbler lexicon with fun new words like "yo" and "ab." Whether you're new to the game or a seasoned pro, the Word-Finder is an indispensable tool for becoming a more successful player. --This text refers to the Paperback edition.

Not very helpful

The book wasn't quite what I expected, and I don't use it very often. I wish that the words were organized so that I could reference a letter, and find a list of words containing the letter I am searching...usually "J", "Q", "X" or "Z"...and in any position within the word, not just the first letter.

Don't you hate it when your Scrabble opponent plays a word like xerarch? The Word-Finder is

probably where the guy found this word. Now you can play on a level playing field with this Scrabble book. On the negative side it is a little difficult to use and requires some study time for the serious Scrabble player. I feel more powerful just owning this book!

My daughter uses it constantly and she thinks it's the very Best.....

This is an excellent reference book for anyone that is serious about their Scrabble playing. Probably not good for younger players as it's a little complicated to use and requires pretty good reading skills. Still, very useful.

This book has a lot of helpful information, but it is very hard to navigate. They also don't include words that start with vowels. They list 2, 3, 4, 5, 6, 7 and 8 letter words then they list words that contain that letter. There is no table of context, so you have to hunt each time you use the book to find the letter you are looking. They do have a lot of words in the book

Good reference

Thankyou for great service, not sure how to use yet, with all the business of holidays. Was a great addition to our scrabble game, sure it will be most helpful for our future scrabble games. and dealers can always be trusted for product delivered! Have a Merry Christmas! Carolyn
