Best Sellers Rank: #879,676 in Books (See Top 100 in Books) #40 in [Books > Sports & Outdoors > Outdoor Recreation > Kayaking > Sea Kayaking](#) #2258 in [Books > Sports & Outdoors > Water Sports](#)

Customer Reviews

This book excels where Sea Kayaker Magazine's Deep Trouble fell short. This is a volume with fewer stories and presents in-depth and comprehensive coverage of just about all topics on kayaking technique and strategy. When I read it first, I did not pay too much attention to the first chapter on judgment and leadership. Now I am re-reading it and finding it very interesting. Prior to this volume, I've read several kayak books by kayaking oracles (Dowd, Foster, Hutchinson) and this one definitely presents multiple topics that are either not covered elsewhere at all or are not covered elsewhere in this detail. Even when topics presented in this book are redundant with other sources, the relative emphasis on safety rather than efficiency is new and I found it compelling.

Great book
