Brooklyn Bartender: A Modern Guide To Cocktails And Spirits

Synopsis

A first-of-its-kind collection, *The Brooklyn Bartender* gathers 300 of the most innovative and exciting cocktail recipes from this booming destination borough at the height of its international popularity. Brooklyn is one of the top trendsetting places in the world today. Its neighborhoods, artists, writers, restaurants, and, yes, drinking establishments set the pace for the rest of the nation. *Brooklyn Bartender* takes us behind the bar to experience 300 of the best and most inventive drinks being served today, plus tips for at-home mixologists. Organized by spirit, the recipes allow readers to replicate bartenders' signature drinks, from the ornate juleps and cobbler of Maison Premiere to the party-friendly "Froze-monade" at Extra Fancy to the namesake gin cocktail of Clover Club. Additional features include "5 Takes on the Martini" and variations on other classic drinks, as well as bartenders' recommendation for events, infused spirits, and more. Designed to be the perfect bar-side companion.

"Every cocktail I've made has been delicious and smartly designed. Each drink is unusual and complex, but not muddled in flavor; the kind of thing you'd be excited to receive

at a fancy bar, but even more pleased to shake up yourself." --Serious Eats"Even the staunchest teetotaler will work up quite a thirst while perusing what is easily one of the best cocktail books this year." -- Publishers Weekly, Starred Review

Carey Jones is a food and drink writer for publications including Food & Wine, Travel + Leisure, Saveur, and many others. A cocktail enthusiast, she has traveled extensively both nationally and internationally to report on spirits and cocktails. She previously served as the managing editor of the James Beard Award-winning website Serious Eats. She lives in Brooklyn.

I love cocktails. This book has given me inspiration on no less than two dozen heavenly mixtures to try on what I had on hand. I've made a list and will be picking up a few exotic (for the home) ingredients to try out many more.

The recipes I have tried so far are have yielded well balanced and nuanced cocktails

If you're interested in spirits and cocktails, I would recommend getting this book.

This book has so many suggestions.

I have never been to a bar in Brooklyn but after reading Carey's books, I feel like I have! I love the descriptions of the bars and seeing their signature drinks. We are having people over for a BBQ and I already know what drink I am going to make. And the design is great! I'm going to get another copy for my brother, who will love it.

This book will convince you that drinking in Brooklyn is FUN -- and it will help you make contemporary drinks at home if you can't actually get to the bars described. Every cocktail I've tried has been delicious.

This has been my gift for all occasions... and my friends are loving it.

Great book. Really interesting read.
