Ramen Noodle Genius

Synopsis

Fast-cooking, inexpensive, and super easy to prepare, these crazy little strands of curly noodles are simple on their own, but they scream versatility. This square block of seemingly plain noodles can be brilliantly transformed in deliciously unexpected ways when tucked into snack mixes, main dishes, side dishes, salads, or desserts. Try the creamy Chipotle-Lime Alfredo, munch on a little sweet Cinnamon Crunch snack mix, wow guests with a Strawberry Spinach Salad or Stuffed Bell Peppers, and swoon over the simplicity of the Yummy Snickers Bars. Ramen noodles -- the start of something delicious.

Customer Reviews

My first look at the recipes I loved. Shared with my grown son and he talked me out of mine so I ordered one for myself . What an awesome cookbook.

very interesting book, thank you!

Great graduation gift!!!

I have some kids who would live off of quick ramen soups if I let them. With this book, I can at least add some variety to their favorite noodles. There is a surprisingly wide range of mix-ins and my family has most enjoyed the Asian recipes, like the Chili-Lime Garlic Shrimp, which is fantastic, or my husband's favorite, Sirloin Stir-Fry which includes dry roasted peanuts. Some recipes I've adapted by eating with udon, somen, and even angel hair in a pinch,

and all turned out great. I don't think I'm brave enough for the Ramen Crunch Cookies, but the Pork Tacos a la Ramen look like the trendy favorite I've seen mentioned online. This is a really fun cookbook, that would be a good gift for anyone who loves ramen!
