My little guy who loves look & finds enjoys this book. I wish there were a few more things to find on

each page, but I love the bible stories that go along with the pictures.

My daughter (3 years old) just loves seek and find books, and I love that we can incorporate scripture with these! I really like all the extra things there are to find, and that you are asked to find people and things that have relevance to the text as well. Will definitely get more in this series.

I bought this for my daughter's 3rd birthday and we all love it. It is like an "I Spy" book, with biblical themes. At the beginning they show 10 items that will show up in each scene (e.g. a cross, a dove, angels, etc.). Then with each scene there are specific things to look for, with explanations in simple language. In the back are parent pages with suggestions for supplemental activities, such as reading a specific passage of Scripture, etc. This is a book that we will turn to many times, and we can do different things with it each time, and as she grows. We will get the other books in this series.

Delightful book. I have bought several for my grandchildren and for gifts for others.

Very good! Still a bit too advanced for my young grandchildren but I adapted the lessons accordingly. Will use it in depth during the coming years.

Haven used this book as yet. But I have gone through the book and it is very very good. It will keep the children's attention. The other teachers love it also.

Bought this book for my granddaughter fun and active reading

We love this book - my 4 year-old looks at it during mass.
