My daughter LOVES this series, we have been reading it since kindergarten and I have to admit, I love them as well! She is in first grade now and re-reads the collection on her own. Highly recommend.

My daughter absolutely loves this series! She has the whole set up to #50 so far. Our son just recently began reading them to, so she passes them to him and then they talk about the books they have just read. That's great! I've heard no complaints from them about ANY of the books in this series being boring or not fun to read. They are a good book for ages 6-10 to read, depending on reading level. Books aren't really thick or complicated, so best enjoyed by readers past the beginning step readers and not yet into teen/pre-teen fiction. As I Mom, I love that these encourage my kids to read more. They are also including a bit of history and education with a fun-filled story. Win, win!

My 6 year old first grader son is in love with these books. He reads a book in about 2 days. I couldn't believe how interested he was in reading. Perfect adventure books for kids!

Looked for this hardcover addition everywhere. Shipped fast. Great book!

My son loves this series - good book!

grandson loves it

Mary Pope Osborne has been the favorite in my house since 1994, and will always be. My children have grown up with her books and have accredited them to their lifelong love of reading. This latest book is another masterpiece of hers!
