A Witch's Book Of Silence

Synopsis

A Witch's Book of Silence will help you deepen your practice and increase the efficacy of your magic. Silence is the space from which creative impulse flows. In silence we touch the power we call God/dess and become attuned to wisdom beyond our own. We learn to commune with the spirits of land, our ancestors and others of the unseen realms. We enter the ineffable mystery sought by ancient and contemporary mystics alike. Through silent communion we attain ecstatic union with the Divine. The book addresses some of the most pressing and controversial concerns of the Craft as both a modern-day movement and private, religious system. A Witch's Book of Silence is a mirror for us individually and collectively. Here we see reflected our beauty and power as well as our fear and foibles. Divided into three segments. The first defines terms, explores concepts and discusses how and why we resist the practice of silence. The second segment offers practices leading the seeker into the heart of silence where the mysteries are revealed. The final segment offers a glimpse of what awaits us should we dare to steep ourselves in the cauldron of transformation. A Witch's Book of Silence is born out of decades of studying, practicing and teaching the art of Witchcraft during which time the author noted the impact of the internet on the transfer of once closely guarded information. The Witch's Pyramid became unbalanced as the powers to Know, Will and Dare were highly sought after while Keeping Silent fell out of fashion--a silly, scary and inconsequential relic of the past. The Witch must confront and overcome her fear and resistance to entering the realms of silence. Keeping silent is necessary to build power, perform effective magic and engage deeply with the mysteries. While written from the perspective of a Feri Witch, the concerns, practices and resolutions offered will be equally valuable when applied to any spiritual path requiring the practitioner develop self-awareness, personal integrity, cognizant communication with spirit and the use of meaningful speech imbued with creative force.

Customer Reviews

I really love this book. Through this book, Karina helps you to understand how empowering and important the understanding of silence is in our work as witches and magic workers. You can tell that what she writes about comes from the depth of her own practice, you can recognize the authenticity in that act of sharing. Silence isn't something we talk about often in magical circles, and this book is a valuable resource for tapping into the power silence offers us. On a side note, this book has a wonderful silky, textured cover, it even feels great to hold in your hands.

It has been a very long time since I've read a book that changes the direction of my spiritual growth in such a profound way. Deep bows of gratitude and thanks for writing this, it's a game changer for sure. In the near future people will be talking about the books that helped define what witchcraft means in the modern age, and this will be near the top of the list.

This book starts off full of wisdom and insight....I fully recommend it! I would encourage all craft teachers and students to read this.

This is a must read for all magical practitioners. We are constantly bombarded with sounds that distract us from our inner knowing. This book helps you navigate inward, sink into our own power, and grow.

A resource for finding and holding silence as a practice, as a way of life. Gorgeous writing. I hope for more from this author.

A powerful teaching shared with unyielding love for those who would dare.

I don't really write a lot of reviews because I don't have the time to do so...but this book is worth the time. If you are new to witchcraft, or looking to deepen your existing practice, this book is for you. It has what so many pagan books lack: depth and the chutzpah to utter the difficult truths. I cannot recommend this book enough for those who are seeking more than just fluff.

I have learned so much from this book. In an age when we are bombarded with constant chatter (TV, cell phones, social media...) we need the power of silence more than every! This book speaks of what your intuition has been telling you all along. Slow down. Be silent. Listen. When you do these things, power begins to surge. This is the best witchcraft-related book I have read in 15 years!
