## Customer Reviews

For more than twenty years the Insiders' Guide® series has remained the essential source for in-depth travel and relocation information. Each guidebook is written by locals and true insiders and offers a personal, practical perspective that readers everywhere have come to know and love. From the geothermal pools of Yellowstone National Park to the rugged peaks of Grand Teton National Park, the Greater Yellowstone region is a land of abundant wildlife and incredible natural beauty. Encompassing some 18 million acres across parts of three states, the area includes two national parks, seven national forests, three national wildlife refuges, and some of the most breathtaking views in the world. Inside you'll find: Extensive information on Yellowstone and Grand Teton National Parks, from how to get there and what you'll see to lodging and dining choices; Comprehensive listings of annual events and outdoor activities, including fishing, hiking, and winter sports; Sections dedicated to the area's gateway towns—including Bozeman, Big Sky, Livingston, Gardiner, West Yellowstone, Red Lodge, and Cooke City, Montana; and Cody and Jackson, Wyoming; Countless details on how to live and thrive in the area, from

attractions throughout the Greater Yellowstone region to real estate markets and retirement information

Seabring Davis is an award-winning journalist who has traveled the world and has had many different careers. She lives in Livingston, Montana.

We used this book along with our Rough Guide. Being Rough Guide fans we were surprised that we used this book even more than our Rough Guide.

I bought this guide and then picked up Fodor's Guidebook for Yellowstone and Grand Teton which I used constantly. I became so annoyed by the Insider's Guide, that I decided to stop lugging it around and left it on the table in our hotel room at Flagg Ranch. It probably is still there, not really worth the trouble of carrying it, especially if you have Fodor's which is far superior.
