As with the first book I ever read by author Lundy Bankcroft, (*Why Does He Do That?*), this daily view and read is stunning in so many ways. I enjoy the learning experience, that is for sure! Every woman should read this book... every Family Practice attorney should read this book, in fact, every Judge that oversees a case involving an abused spouse SHOULD read this book!

I have to deal with a man who is controlling and abusive for the next seventeen years because we share a child. This book has been very helpful in reminding me not to get caught up in the smoke and mirrors he uses to try and break me down, not to go back during the "nice" part of the cycle because it's just a game for him, and how to make sure my child isn't damaged by his inability to love. When someone devotes all of their mental energy trying to tear you down, steal your joy, and make you question everything because you have been lied to so many times, you need to realize what they are doing and have a constant reminder that the problem is with them, not you, and you are not alone. This book does that. I also recommend the book this is a companion for, "Why Does He Do That?" which details different types of abusers and the tactics they use. Knowing who you are dealing with helps you from being blindsided because you know what to expect. There are also resources to get help.

Lundy has done it again this book is a must have ,he is brilliant and his understanding is beyond anything you will ever learn from any other professional. it is precise and the most accurate I gave ever read, you will not get a better understanding than what he has written. he really should receive an reward. this book is something that all women should have, his expertise is superb!!!!

I have all of Lundy Bancroft's books and they are life changing. I am now extremely educated about my abusive spouse. After 20 years of marriage I finally had the courage to separate and seek peace for myself and my 19 year old son. I love this newest book. It is giving me tremendous confidence because I know the truth about what has been done to me, and, how hard I've tried.

Having read "Why Does He Do That?" I was hopeful this would contain more insight and support that I desperately needed. This did not disappoint. I will definitely be rereading this. Lundy Bancroft you are wonderful. Thanks so much for your wisdom and understanding. Your patience and acceptance shine through in your writing and truly moved me.

Absolute must read for anyone in an abusive relationship and who knows some one who is in such a relationship. Lundy Bancroft offers the clearest, truthful insight into why does he do that! This has cleared up all the misconceptions and confusion I have ever had.

I am so thankful for Lundy Bancroft. I first read "Why Does He Do That?" about five years ago and it

validated my thoughts about my husband and helped me stop doubting myself. I literally wanted to hug Mr. Bancroft after I read it. It was the first step for me in being able to see through the smoke and mirrors I am surrounded by. Daily Wisdom gives practical guidance and reassurance to women in abusive relationships, in a way that I have not come across in any other book. His knowledge of these types of situations is incredible. I have been amazed so many times as I read about topic after topic that I have been struggling with. I think he is the best writer on the subject and he has made a HUGE difference in my life. Anyone struggling with an abusive relationship should get this for sure!!! You will be glad you did.

If I could I would buy this book for every female living! Or anyone in an abusive relationship. This should be on everyones book shelf!
