# Map Pack - Tahiti & Tonga

## Synopsis

The Tahiti and Tonga Map Pack has a value of \$27 if purchased separately, and a packaged price of \$19.95 if purchased in this bundle. The maps are all current editions, conveniently grouped together in a transparent plastic bag with a new cover, showing the covers of the two maps and a picture of the South Pacific showing the location of the islands. Polynesia is of particular interest to Americans. Hawaii is, or was, inhabited by Polynesians and many still live there. Tahiti is a French overseas entity, nominally a part of France, but in reality a colonial remnant that is probably the most purely Polynesian island entity in existence, a lovely place to visit. Tonga (1st edition; scale varies) the 'friendly islands' is a kingdom, a constitutional monarchy based on the British model. The country has 171 islands, mostly of sand and coral, and had its moment of fame in 1789, when Captain Bligh, having been forced into a lifeboat by mutineers on the Bounty, attempted to load provisions. The country's first non-local settlers were six American ship deserters in 1796. Today, there are many resorts catering to visitors, and dozens of pristine beaches to enjoy. When we visited, we used the internet at the country's server. When we left, the girl manning the station shut everything down for the weekend. Nobody uses the internet on a weekend! Quite a charming custom that we should adopt!
