Dark Winter: Trilogy

Synopsis

What if your next move could be your last? There is no margin for error in this best selling survival horror!

About the Dark Winter Trilogy: A spine chilling horror trilogy of books of the lives of a group of friends - a witch, a Christian girl, and an atheist with a weapon of unknown and unspeakable power.

*** Join the horror and adventure in this best selling paranormal horror for teens to adult. If you are a fan of fast-paced, action-packed horror stories that combine a coming of age theme, Christian/religious suspense that is full of dramatic twists and turns, then Dark Winter is for you. Along with other books in the series, Dark Winter: The Wicca Circle has rocketed to the top of two paid best seller lists, Critics say Book 1 in the Dark Winter Series say: "This young adult fantasy/horror novel is an excellent debut book. It's the story of teenager Romilly Winter who is bequeathed a very special mirror by her Nan. Romilly is a reluctant heroine who appears a typical teen with typical teen angst. She also has a special gift but she worries that when the time comes she won't be strong enough to cope. Yet only when the terrifying truth is revealed and her family, her friends and her life are threatened does she find out what she's truly capable of."

I: Dark Winter: The Wicca Circle:- Romilly Winter is no ordinary heroine, just a reluctant one. She has a gift. She can see the future. But can she see far enough? The world in which she lives is under attack "the dead are rising, and evil follows her at every turn. Will she be able to save herself and the world?"

II: Dark Winter: Crescent Moon:- As the line between friend and foe, love and hate, trust and betrayal become blurred, who will be left standing for the final showdown?

III: Dark Winter: Last Rites:- As all Hell literally breaks loose, a long dead demon needs to be destroyed. But who will be killed along with them?

"Horror thrills for teens and adults alike! " Till date I've read quite a few paranormal genre books, but I never got scared this much. And surprisingly, even though it was fiction, just like Art Bell, I believed the story, that my dear friend and a very talented author, John Hennessy, has crafted out in his new book called, Dark Winter: The Wicca Circle (Dark Winter #1). And remarkably, John has invented a whole new paranormal world, which sounded quite genuine and real to me. I loved every bit of it."

Aditi Saha "Book Stop Corner, Liebster Award Winner

"Discover what other readers already know " The style of writing however is completely unique, often using stream of consciousness and seamless shifts in time to carry the narrative along. I've never seen this used in horror books before, and was pleasantly surprised to see how well it works and how much it adds to the fear factor - we never quite know where we're going to end up next in the complex narrative."

Dino Costi, Author of Venus

Lionheart: The Witch and the God "These books are also full of thrilling action, adventure, and of course some gruesome moments."- Rachel Manicup, GoodReads reviewer

AUTHOR NOTES: An absorbing Wiccan tale that can be best described as a paranormal horror for teen to young adult - with themes of witchcraft, the occult and Satanism, it is not for the very youngest of readers. Scroll up and grab a copy today.

What other reviewers said. "Each book in the series, from the very get go grabs you by the throat." "I am thrilled that John Hennessy has brought out this new Trilogy. Each book on their own are worth reading but to

Customer Reviews

Reading Dark Winter was difficult to me because...I usually read at night and John Hennessy's stories scared me so I began to hear strange noises in my own home. LOL Dark Winter is very good horror tale, somewhat in a Stephen King style and John Hennessy writing has grown from book 1 to 3 and it merits a round of applause!

I am thrilled that John Hennessy has brought out this new Trilogy. Each book on their own are worth reading but to have all three in one place is great. I am a fan of Hennessy's work and I have been

since I read his Murderous Little Darlings. Dark Winter - The Wicca Circle has all the right ingredients to make this a super paranormal horror read. I would gladly have a witch, a Christian girl, and an atheist as a friend, but you can keep the mirror!. When you get into the story you will be astonished at the depth of suspense that the author has created. It doesn't hit you all of a sudden, it creeps up on you as you read. Before you know it, you are looking over your shoulder. The story in Dark Winter: Crescent Moon is spines chilling from the very few pages and we see Curie, from book 1, up to his old tricks. Although he is not a nice guy you can't help but like him in some way. The characters are all older by a few years and Hennessy has the character growth spot on. We are told what they have been doing since the last book. We get to know them a little more. I have some characters that I found endearing, some annoying and some you love to hate. This wouldn't be possible but for the fact of great storytelling and writing. It is a spine chilling story but also incorporates a vast array of emotions and you are compelled to read to the end and move on to the last book. In Dark Winter: The Last Rites the story concludes in the best possible way, totally different from what I had imagined. Again, the author reels you in from the beginning and keeps you there. I read on with a heavy heart because I knew it was the last. It didn't stop me from reading or wrong guessing the outcome. Hennessy is a fabulous storyteller AND writer, yet, again, he leaves you with questions that only you as the reader can answer. Hennessy writes for the whole spectrum of readers and they take away their own thoughts from his work. This is exactly what he has done in the last of the Dark Winter series.

I was introduced to the series by none other than the author himself and what a tremendous introduction. So much that i am almost like a crazy stalker of the author now. The kind you would see searching the trash bins. Yeah that kind of crazy stalker. If you love horror fiction then look no further but pick a John Hennessy and you will quiver with fear and still wouldn't stop reading his books. That's the kind of writer John is. Dark winter is one of the first books that I had read from John Hennessy's works and needless to say that ever since picking up dark winter #1 I haven't left any book written by John. Each book had been far superior and impressive than the previous and keeping you hooked to his writings. Horror is what John does best and the proof is seen in works especially the dark winter trilogy. The entire series follows impressive journey of its central characters and a plot that is weaved brilliantly and in a very addictive fashion. The greatest strength of the series is its strong array of characters and is none that you will see so easily in any books. John has a very unique way of making his books all about the strength and weakness of his

characters and that is one of the things that lure you towards the book. Each book in the series, from the very get go grabs you by the throat and keeps you jolting with the things that is happening in the story. Along with its wholesome plot, each character of these books is strong, interesting and perfect match. The author has maintained them very real and not larger than life personas. I felt, making them show their weaker sides helps readers to understand and relate to them easily and effectively. It's one of those series whose plot itself uplifts the whole book, rather than having to spice it up with anything else. Dark Winter is a good spine chiller with a very spooky plot as its base and the book grows on you, keeping you intrigued.

In this complete edition, fans of award-winning author John Hennessy can follow protagonists Romilly, Beth, and Jacinta in a spine-chilling story, which lingers in your mind long after you have read it. This book is a three-part series, which contains: The Wicca Circle, Crescent Moon, and Last Rites, which I have read, enjoyed, and reviewed. The stories are spooky, suspense-filled, and full of twists and surprises. Author John Hennessy has produced a great story centered on an age-old evil. The first story, Dark Winter: The Wicca Circle was more than just an introduction to this paranormal fantasy series. It was full of intrigue and I looked forward to reading the other two in the series which I had bought upfront. The second story - Dark Winter: Crescent Moon is a continuation of the gripping tale of demons, ghosts, witchcraft, dangers, and near death experiences encountered by three fearless teenagers in trying to defeat those evils. In the amazing and surprising conclusion to the story, Dark Winter: Last Rites, some very interesting revelations are made, and provocative questions answered. I recommend it to all who love young adult horror with a happy ending. This is one of John Hennessy's masterpieces.
