Born in the lush and beautiful state of Washington, author Amber Richards has always been surrounded by inspiration. She has been writing and creating for as long as she can remember and today still calls the Pacific Northwest home. Amber's books span a multitude of topics, but all have one thing in common. Her love of nature, children and family are the basis of each, and her passion is apparent on every page. Most recently she has added watercolor artist to her catalogue of talents, and needs only to gaze out her window for daily motivation. When Amber isn't breathing life into a new book or painting, she is surrounded by a loving family. She is the proud mother of two children and enjoys every moment she spends with her five grandchildren.

This book has a lot of pretty good recipes in it. I've tried a few of them and my spouse really liked them. Even though it doesn't matter what I cook he says my food always does turn out good. I like trying new recipes instead of cooking the same thing all the time. And this book has some really great ones. There are more I want to try too, some of them my hubby picked out.

Truly an amazing book that left me wanting to try more delectable dishes over the course of the week. There are literally close to or over 100 recipes to pick from my favorite section being the casseroles and soups. I am always looking for something new to cook from my family and this book has me looking like a superstar with some of these dishes. Surprisingly I found them also to be easy to follow in a step - by - step approach that I related to easily. I can't wait to see what Author Amber Richards comes up with next. But for now is off to making some cookies!!!!

A well-laid out and enticing abundance of recipes. No longer do I have to do a Google "search and try" for specific kinds of recipes. They're all amazing laid out in this book, and ONLY the best! A definite enhancement for my menu planning and delight of friends and family.

I can't wait to really dive into these recipes are start creating, they all sound SO good. I know my friends and family will enjoy them. This is also helping to inspire me for ideas for dinner when I get stuck. My first two recipes I am going to cook are the Crab Spinach Chicken, and the Cranberry & Sweet Potato Crepes dishes. This is a great book to add to your recipe collection!

LOVE love love the recipes! Such a fun cookbook for such a great price.
