Customer Reviews

Large Book. Solid hardcover and thick pages. Great colors and illustrations. Hard to find many horse books appropriate for toddlers and this one it exactly that. Perfect for any little horse lover.

I bought this book to give to my granddaughter because her grandfather and uncle are into harness racing. The pictures and text of what it is like to care for a horse and what horses do all day are very engaging and depict what she sees on their farm. There are many pictures and descriptions about what different types of horses do, too; herding cows, trotting in parades, dancing in a circus, racing, and taking children for a ride, etc. The drawings are colorful and make this book very engaging for a young child. I will buy a second copy to keep at my house, so I can read it to her at my house too.

The only thing I would change is to have a picture of a horse in a harness race. Love this book!

I enjoyed the rhyming scheme while learning about all the duties of horses everywhere. I recommend this fun children's story.

A great intro book to horses for my 3 year old.

Excellent intro to horses!

Rhyming verses perfect for language development during those formative years.

Great book for kids

If your child is interested in horses they will love this book!
