"There are secrets here that until now have only been available to a select few in a meritocracy society of investors. For the first time, Aram and Alex are going to reveal these secrets and share them with you." -Robert Shemin, New York Times Best Selling Author

The fundamental problem with real estate investing is the lack of hands on "how-to" approach. How exactly do you write a contract? What language do you use specifically? How exactly do you build a cash buyers list from day one? How exactly do you flip a contract within 10 days? What exactly do you say to a seller to have them sign your purchase agreement on the spot? In this book we reveal all the insider secrets to really make money with little or nothing down. We reveal how to MASTER the "A-B, B-C" transaction step-by-step and teach you the intricacies of assigning a contract and double closing on a transaction.
