Heroes Of History

Synopsis

At Will Durant's death in 1981, his personal papers were dispersed among relatives, collectors, and archive houses. Twenty years later, scholar John Little discovered the previously unknown manuscript of "Heroes of History" in Durant's granddaughter's garage. Written shortly before he died, these twenty-one essays serve as an abbreviated version of Durant's bestselling, eleven-volume series, "The Story of Civilization." Durant traces the lives and ideas of those who have helped to define civilization, from Confucius to Shakespeare, from the Roman Empire to the Reformation, spanning thousands of years of human history. A volume of life-enhancing wit and wisdom, "Heroes of History" draws upon Durant's expansive knowledge and singular ability to translate distant events and complex ideas into easily accessible principles. " --This text refers to the Audio CD edition.

Book Information

Audible Audio Edition

Listening Length: 12 hours 5 and 10 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Blackstone Audio, Inc.

Audible.com Release Date: May 5, 2004

ASIN: B00029DHTK

Best Sellers Rank: #64 in Books > Audible Audiobooks > History > World #253 in Books > Audible Audiobooks > Nonfiction > Philosophy #257 in Books > Politics & Social Sciences > Philosophy > History & Surveys

Customer Reviews

A clear and concise survey of key people, places, and times throughout world history. I learned a lot of new things, yet what was not new to me was written in language that was intriguing such that I was entertained and interested. If you are looking for a history book with a broad spectrum of subject matter, you can't go wrong with this one.

This is a pithy summation of history by a lifelong, unbiased historian, which should be mandatory reading for all teenagers in junior high school. This book will give young people a timeline of human endeavor, where our values came from and what our heritage in Western Civilization is all about.

The book is concise, easily readable and absolutely factual. It is the biography of all the important "movers and shakers" in the world who have significantly changed our civilization.

A great book. Everyone should read it.

A bit dated but a light review of a few sentinel players from Ancient History thru the Renaissance. Overall it was an enjoyable read.

This was my first exposure to Will Durant, and I was very pleased with the results . I'm looking forward to reading more of his works .

Will Durant has done a great service in encapsulating his more expansive historical look at history's great moments. As always, Mr Durant enlightens and informs.

Great book

Great Book! Look almost new!
